Please join Mother Hash, KL Harriettes, Petaling H3 and the Royal Selangor Club Hash chapters in celebrating the life and contributions to the Hash House Harriers of a Hashing Legend.

Tumbling Bill started Hashing after moving to Kuala Lumpur in 1953. Bill’s first run was in 1954 and he later joined as a member of Mother Hash in 1958. Bill was also an active member of the KL Harriettes, Petaling H3 and Royal Selangor Club H3 during his time in KL. Bill founded the DC Hash when he was posted to Washington DC in 1972 to work with the World Bank. He later founded the Bangkok Hash House Harriers in 1977.

Bill conceived and constructed the Hash Genealogy project which maps out all known hash chapters and how they relate back to the original Mother Hash. He was also heavily involved in the Hash Heritage Foundation which was established to raise money to construct a permanent Hash House in Kuala Lumpur on land which was donated by the Malaysian Government.

A good interview with Bill can be found at: http://pwoodford.net/hashblog/?page_id=689

This event will not only be a Celebration of Tumbling Bill and all his contributions to the Hashing world, but to the Hash Heritage itself. Proceeds from the run and all donations collected will go to creating a structure at the Hash Heritage site to allow for gatherings of 300 people or more, with kitchen and restroom facilities complete with electrical and water supply.
